Profile Summary

Seeking opportunities to contribute my skills and enthusiasm toward personal and professional growth. Passionate about frontend and full-stack development with hands-on project experience in React.js, Node.js, Express.js, and MongoDB. Focused on building modern, responsive, and user-friendly web applications.

Education

MGM College of Engineering, Nanded <i>B.Tech in Computer Science</i>	2024 72.4%
Yashwant College, Nanded <i>HSC</i>	2020 56.0%
Z.P High School, Shahapur <i>SSC</i>	2018 69.0%

Projects

• News Website (Freelance Project)

- **Technology:** React.js, ShadCN, TanStack
- Developed a modern news website with filtering, pagination, and dynamic rendering.
- Built secure login and signup with validation and protected routes.
- Designed a responsive admin panel with dynamic tables and pagination.
- Enabled seamless creation and management of news articles.

• TRADE-HUB (Zerodha Clone)

🔗 [View Code](#)

- **Technology:** MERN Stack
- Designed and developed a real-time stock trading and portfolio analytics platform.
- Integrated holding tracking, daily updates, price monitoring, and performance charting.
- Developed backend using Node.js, Express.js, and MongoDB with full CRUD operations.
- Implemented stock price retrieval, error handling, and Axios network recovery.
- Built interactive frontend components using React.js with reusable hooks and optimized API calls.
- Ensured a responsive dashboard layout for a professional trading platform experience.

• Task Management System

🔗 [View Code](#)

- **Technology:** HTML, Tailwind CSS, JS, React.js, Node.js
- Developed a complete task management tool for adding, marking, and deleting tasks.
- Integrated local storage providing persistent data across browser reloads.
- Designed intuitive UI components using Tailwind CSS.
- Improved user productivity through clean UI and fast task interactions.

Technical Skills

- **Development:** HTML, CSS, Tailwind CSS, Bootstrap
- **Programming:** JavaScript, React.js, Express.js, Node.js, MongoDB
- **Tools:** GitHub, VS Code
